

PRESS RELEASE

MEDICALPS, Healthcare industry cluster in the heart of french alps, appoints its new Director

Grenoble, December 1, 2021 - Vincent TEMPELAERE, MEDICALPS President, joins its Executive Board to announce the recruitment of Sébastien WEISBUCH as the new Director of MEDICALPS. *Led by its members for the past 20 years, MEDICALPS, based in Grenoble, is the world-class Healthcare industry cluster in the heart of french alps. MEDICALPS brings together players in healthcare innovation and contributes to the development and attractiveness of its region, and to access to better healthcare for all.*

Mr WEISBUCH, Doctor in Structural Biology, has nearly 20 years of experience in the support of teams and the development of products related to health technologies. Co-founder and manager of a Medtech/Biotech company, IMMUNID, for more than 10 years, Sébastien WEISBUCH has also developed a consulting activity for managers and teams, and is a certified Professional Coach.

"Sébastien WEISBUCH has a rich experience in health innovation, knows intimately the ecosystem as well as the different phases of companies' development he will represent" explains Vincent TEMPELAERE, MEDICALPS President, and also ALPAO & EVEON President.

"The board has received a great number of quality applications. By its business development knowledges, combined with his experience and leadership, his nomination was obvious. We are convinced that Sébastien WEISBUCH will lead our association to the next step for the territory's economic development and the tomorrow's health construction." Mr TEMPELAERE adds.

"I am honored to join MEDICALPS and to become its new Director". Mr WEISBUCH says. *"Supported by the MEDICALPS team and board, I look forward to represent our sector and pursue its development for the benefit of our members."*

With 8 world leaders, more than 200 companies including 87 start-ups and 32,000 jobs in the health sector, the Grenoble-Alpes health technologies ecosystem is unique in France with strong growth potential.

Mr WEISBUCH adds to MEDICALPS members: *" I am looking forward to the upcoming meetings with each and every one of you and especially in March 15, 2022 at the national event we organize to celebrate MEDICALPS 20 years. Until then, MEDICALPS is delighted to welcome you to Medytec, the showroom for your products and medical healthtech innovation."*

About MEDICALPS

MEDICALPS is a healthcare industry cluster (biotechnologies, medical devices, e-health) in the heart of French Alps.

MEDICALPS accelerates the time to international market and enhances connections within the local healthcare ecosystem.

About Medytec

Located in the BIOPOLIS incubator, in the municipality of La Tronche, Medytec is the result of a collaboration between the Minalogic and Lyonbiopôle competitiveness centers, the CLARA cancer research cluster, the CEA, the Grenoble Alpes CHU, Grenoble Alpes University, ECCAMI, the Auvergne-Rhône-Alpes Region, Grenoble-Alpes Métropole and the supervisor, MEDICALPS.

Much more than an events space, Medytec was created to strengthen the synergy between stakeholders and to help provide exposure for healthcare technologies in the region.
